Commission payments

You can choose from the 4 options below how you would like your commission to be paid:

- 1. By cheque** - payable end of November 2011.
- 2. In Love2shop Vouchers** - If you choose this option, we will **add an extra 5% of your commission total (despatched separately from your order at the end of November 2011).**
- 3. Leave the value of your commission in your Account**, use it towards your 2012 orders and we will **add an extra 10%** of your commission total.
- 4. You can also choose to use your commission as part of your final payment.** If you choose this option, this will be taken from your Account on 1st November 2011. Any commission left in your Account after this payment has been made will be carried forward to your orders for 2012.

Commission amounts under £5 can only be used against your final payment for your 2011 order or be carried forward and used against your 2012 order.

Your commission payment method will default to option 4 unless you tell us otherwise. Login online to choose your commission payment method or call our Careline Team. **If you want to use your commission towards your final payment, there's no need to contact us.**
